

**AGILITY SHIPPING**

# Ship Smarter. Faster. Error-Free.

## ERP-Connected Shipping, Built for Warehouse Execution

Agility Shipping by Wisys is an integrated pick, pack, and ship solution for your ERP. It helps teams eliminate shipping errors, delays, and chargebacks with real-time accuracy and full visibility across the shipping process.

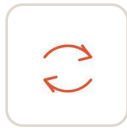

**UPS/FedEx/USPS**  
multi-carrier support

**Mobile + Desktop**  
ship from anywhere

**Real-time**  
tracking + ERP updates

# Shipping Control Built Inside Your ERP

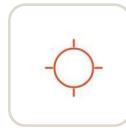

Wisys connects shipping execution directly to ERP orders and fulfillment - helping teams reduce manual steps, improve accuracy, and move orders out the door faster.

## End-to-End Integration

ERP-connected pick, pack, and ship.

**No disconnected tools. No duplicate updates.**

## Multi-Carrier Support

UPS, FedEx, and USPS in one workflow.

**More carrier control with fewer manual steps.**

## Flexible Packing

Single-pack, multi-pack, or in-aisle shipping.

**More flexibility from workstation to warehouse floor.**

## Mobile + Desktop Options

Ship from workstation or mobile devices.

**Faster pack-and-ship execution across every shift.**

**Ideal for teams reducing shipping mistakes, chargebacks, and visibility gaps.**

Consolidate pick, pack, ship, tracking, delivery notes, and packing records into a connected ERP workflow.

**Ready to ship faster with fewer errors?**

See how Agility Shipping by Wisys keeps fulfillment moving inside your ERP.
